### **Independent Auditors' Report**

To the Board of Trustees Southeastern Louisiana University Hammond, Louisiana

### Qualified Opinion of Business-Type Activities

We have audited the accompanying financial statements of the business-type activities of KSLU-FM Radio, a public telecommunications entity (the Station) and department of Southeastern Louisiana University (the University), a university contained within the University of Louisiana System (the System), a component unit of the State of Louisiana, as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements as listed in the table of contents.

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Station, as of June 30, 2023 and 2022, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Qualified Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Matter Giving Rise to the Qualified Opinion of the Business-Type Activities

The Station's financial statements do not include deferred outflows, liabilities, deferred inflows, and actuarially determined expenses relating to pension and other post-employment benefits provided to employees of the Station. These amounts were not able to be reasonably estimated due to the actuarial amounts not being provided to the University at a departmental level.

### **Emphasis of Matter**

As discussed in Note 1, the financial statements of the Station are intended to present the financial position, the changes in financial position, and, cash flows of only that portion of the business-type activities of the System that is attributable to the transactions of the Station. They do not purport to, and do not, present fairly the financial position of the System, as of June 30, 2023 and 2022, the changes in its financial position, or, its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Station's internal control. Accordingly, no such opinion is expressed. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Station's basic financial statements. The schedule of compensation, benefits, and other payments to general manager and the schedule of functional expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements. This report is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### Other Reporting Required by Governmental Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 28, 2023, on our consideration of the Station's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Station's internal control over financial reporting and compliance.

Griffin & Furman, LLC

**December 4, 2023** 

### **Management's Discussion and Analysis**

### As of and For the Years Ended June 30, 2023 and 2022

The Management's Discussion and Analysis of KSLU-FM Radio's (the Station) financial performance presents a narrative overview and analysis of the Station's financial activities for the year ended June 30, 2023. This document focuses on the current year's activities, resulting changes and currently known facts in comparison with the prior year's information. Please read this document in conjunction with the information contained in the Station's financial statements, which begin on page 7.

## Financial Highlights:

- The Station's assets exceeded liabilities at June 30, 2023 by \$645,466.
- Operating revenue decreased by \$484 or 0.47%.
- Operating expenses decreased by \$36,578 or 8.89%.
- Non-operating revenues decreased by \$34,035 or 8.91%.
- Net position increased by \$2,059 or 2.83%.

### Overview of the Financial Statements:

The minimum requirements for the Station established by Governmental Accounting Standards Board Statement 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, consist of three sections - Management's Discussion and Analysis (this section), the basic financial statements (including the notes to the financial statements), and required supplementary information, if applicable. The financial statements also include notes that explain some of the information in the financial statements and provide more detail data.

#### Basic Financial Statements:

The basic financial statements present information for the Station as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows.

The Statement of Net Position presents the current and long-term portions of assets and liabilities separately. The difference between total assets and total liabilities is net position and may provide a useful indicator of whether the financial position of the Station is improving or deteriorating.

The Statement of Revenues, Expenses, and Changes in Net Position presents information showing how the Station's position changed as a result of current year operations. Regardless of when cash is affected, all changes in fund net position are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

The Statement of Cash Flows presents information showing how the Station's cash changed as a result of current year operations. The cash flow statement is prepared using the direct method and includes the reconciliation of operating income (loss) to net cash provided (used) by operating activities (indirect method) as required by GASB 34.

## Management's Discussion and Analysis

## As of and For the Years Ended June 30, 2023 and 2022

Financial Analysis of the Entity:

## Condensed statements of net position as of June 30, 2023 and 2022:

	<u>2023</u>	(Restated) <u>2022</u>	<b>Change</b>
Total current assets	\$ 748,201	685,128	63,073
Property and equipment, net	 34,856	<b>21,706</b>	13,150
Total assets	 783,057	706,834	76,223
Total current liabilities	 137,951	136,274	1,317
Total liabilities	 137,951	136,274	1,317
Net Position:			
Invested in capital assets	34,856	21,706	13,150
Restricted	192,191	192,191	-
Unrestricted	 418,419	356,663	61,756
Total net position	\$ 645,466	<u>570,560</u>	74,906

Restricted net position represents those assets that are not available for spending as a result of grant requirements. Conversely, unrestricted net assets are those that do not have any limitations on how these amounts may be spent.

## Condensed statements of activities for the years ended June 30, 2023 and 2022:

	<u>2023</u>	(Restated) <u>2022</u>	<u>Change</u>
Operating revenues	\$ 102,024	102,508	(484)
Operating expenses	 374,940	411,518	36,578
Operating income/(loss)	 (272,916)	(309,010)	36,094
Nonoperating revenues	 347,822	381,857	(34,035)
Increase/(decrease) in net position	\$ <u>74,906</u>	<u>72,847</u>	2,059

Change in net position of the Station increased by \$2,059, or 2.83%, from June 30, 2022 to June 30, 2023.

## Capital Asset Administration:

At June 30, 2023, the Station had \$479,651 invested in capital assets (net of accumulated depreciation of \$444,795), which included equipment with a net book value of \$34,856.

### Economic Factors and Next Year's Operations:

The Station's management considered the following factors and indicators when planning next year's operations:

## Management's Discussion and Analysis

As of and For the Years Ended June 30, 2023 and 2022

- Industry factors
- Cost of living adjustments for salaries and other expenses

## Contacting the Station's Management:

This financial report is designed to provide our supporters, benefactors, listeners, and creditors with a general overview of KSLU-FM Radio's finances and to show the Station's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Damon Sunde, General Manager of KSLU-FM Radio, Southeastern Louisiana University Athletics, SLU 10309, Hammond, Louisiana 70402.

#### **Notes to Financial Statements**

June 30, 2023 and 2022

### (1) Summary of Significant Accounting Policies

### (a) Nature of Activities

KSLU-FM Radio (the Station) is a public telecommunications entity and department of Southeastern Louisiana University (the University) in Hammond, Louisiana. The University is contained within the University of Louisiana System (the System), a component unit of the State of Louisiana. The Station's purpose is to provide public radio programming and broadcasting in Hammond, Louisiana and the surrounding area. The Station is funded in part by direct state appropriations through the University, in-kind support from the University, and self-assessed student fees through the University. The Station is also funded through grants provided by the Corporation for Public Broadcasting (CPB) as well as private sector underwriting sources. The Station presently has two full time employees.

### (b) Reporting Entity

The accompanying financial statements of the Station contain sub-account information of the System. As such, the accompanying financial statements present information only as to the transactions of the Station as authorized by Louisiana statutes and administrative regulations. Annually, the System issues both comprehensive and general-purpose financial statements, which include the activity contained in the accompanying financial statements.

### (c) Basis of Presentation

The accompanying financial statements have been prepared on the full accrual basis in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting principles and reporting standards.

The Station is considered a proprietary fund and is presented as a business-type activity. Proprietary fund financial statements include a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent), are included on the statement of net position. The statement of revenues, expenses, and changes in net position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows.

### (d) Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents includes all highly-liquid investments (including restricted assets) with maturity of three months or less when purchased.

#### **Notes to Financial Statements**

June 30, 2023 and 2022

### (e) Classification of Revenues and Expenses

The Station has classified its revenues and expenses as either operating or non-operating according to the following criteria:

Operating Revenues - Operating revenues include activities that have the characteristics of exchange transactions, such as most federal, state, and local grants; contracts; and federal appropriations. Operating revenues consist mainly of program underwriting income, contributions, grants and services donated by outside parties.

*Non-Operating Revenues - Non-operating revenues include other activities, such as University support and investment income.* 

*Operating Expenses* - Operating expenses are those that are essential to the primary operations of the Station.

Non-operating Expenses – All other expenses are reported as non-operating expenses.

### (f) Contributions

Unconditional contributions are recorded as revenue when received.

Donated facilities from the University consist of studio and office space together with related occupancy costs and are recorded in revenue and expense at either fair market value or the direct cost with allocations based on the Station's respective usage.

### (g) <u>Due from Southeastern Louisiana University Foundation</u>

The Southeastern Louisiana University Foundation (the Foundation) collects contributions on behalf of the Station which are used to pay expenses on behalf of the Station. These revenues and expenses are recognized in the financial statements. The excess of cumulative contributions received by the Foundation over expenses paid by the Foundation is reflected as Due from Southeastern Louisiana University Foundation in the financial statements.

### (h) Accounts Receivable

Accounts receivables are stated net of an allowance for doubtful accounts. The station has assessed all receivables at June 30, 2023 and 2022, and all amounts are considered collectable; therefore, no allowance for doubtful accounts was recorded at June 30, 2023 and 2022.

### (i) Property and Equipment

The Station capitalizes property and equipment over \$100. Land, major renovations or major repairs, and equipment are stated at cost at the date of acquisition or renovation, or, if donated, at fair value at the date of donation. Minor renovations or repairs are charged to operations as repairs and maintenance as incurred. Depreciation is provided on the straight-line basis over the estimated useful life of the asset, which is 3 to 10 years for furniture and fixtures.

#### **Notes to Financial Statements**

June 30, 2023 and 2022

### (j) Restricted Resources

When both restricted and unrestricted resources are available for use, it is the Station's policy to use unrestricted resources first, and then restricted resources as they are needed.

### (k) Deferred Revenue

Deferred revenues represent certain expenditure-based grant funds received for which the expenditure of funds has not occurred. The grants funds are required to be returned to the grantor if not expended within a specified time period. As the grant funds are expended, the related grant revenue is recognized.

### (I) Net Position

In the Statement of Net Position, the difference between the Station's assets and liabilities is recorded as net position. The components of net position are as follows:

Invested in Capital Assets - This represents the Station's total investment in capital assets, net of accumulated depreciation and reduced by outstanding debt obligations related to acquisition, construction, or improvement of those capital assets, if any.

*Unrestricted Net Position* - Unrestricted net position represents resources used for transactions relating to the general operations of the Station and may be used at the discretion of the Station's management and board to meet current expenses and for any purpose.

Restricted Net Position - Restricted net position consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

## (m) Risk Management

The Station is exposed to various risks of loss related to torts; theft, damage, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The University's insurance coverage insures the Station against these types of losses.

### (n) Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

#### **Notes to Financial Statements**

June 30, 2023 and 2022

### (o) Concentration of Risk

For the fiscal year ended June 30, 2023 97% of the Station's revenues came from two sources – the Corporation for Public Broadcasting and the University. For the fiscal year ended June 30, 2022, 98% of the Station's revenues came from these two sources.

## (2) Cash and Cash Equivalents

At June 30, 2023 and 2022, cash consisted of demand deposits totaling \$736,755 and 668,193, respectively. These deposits are part of pooled cash held and controlled by the University and are secured from risk by the University through a custodial agreement.

Custodial credit risk is the risk that in the event of a bank failure, the Station's deposits may not be recovered. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

### (3) Property and Equipment

Capital assets and depreciation activity as of and for the year ended June 30, 2023 is as follows:

		Balance July 1,			Balance June 30,
		2022	<u>Increases</u>	<u>Decreases</u>	<u>2022</u>
Capital assets being depreciated					
<b>Equipment</b>		437,578	10,070	_	447,648

Total capital assets					
being depreciated, net	\$	21,706	13,151		34,857
Total capital assets, net	\$	21,706	13,151		34,857

#### **Notes to Financial Statements**

June 30, 2023 and 2022

Capital assets and depreciation activity as of and for the year ended June 30, 2022 is as follows:

		Balance July 1,			Balance June 30,
		2021	<u>Increases</u>	<b>Decreases</b>	2022
Capital assets being depreciated					
Equipment		491,406	8,635	(62,463)	437,578
Furniture and office equipment	\$_	22,211	_	<u> </u>	22,211
Total capital assets					
being depreciated		513,617	8,635	(62,463)	459,789
Less accumulated depreciation	_	(492,890)	(7,656)	62,463	(438,083)
Total capital assets					
being depreciated, net	\$	20,727	979	-	21,706
Total capital assets, net	\$	20,727	979	_	21,706

Depreciation expense for the year ended June 30, 2023 and 2022 was \$6,711 and 7,656, respectively.

### (4) Grant Income

The Corporation for Public Broadcasting (CPB) is a private, nonprofit grant making organization responsible for funding more than 1,000 television and radio stations. Annually, CPB distributes funds in the form of Community Service Grants (CSGs) to qualifying public telecommunication entities.

Each CSG may be expended over one or two federal fiscal years as described in the Communications Act, 47 United States Code Annotated Section 396(k)(7). In any event, each grant must be expended within two years of the initial grant authorization. According to the Communications Act, funds may be used at the discretion of recipients. In addition, the grants may be used to sustain activities begun with CSGs awarded in prior years.

CSGs are divided into unrestricted and restricted amounts. Unrestricted amounts are used to augment the financial resources of public broadcasting stations and thereby, to enhance the quality of programming and expand the scope of public broadcasting services. Unrestricted amounts must fall into one of seven categories and CPB prohibits unrestricted funds from being spent on full-time or full-time equivalent employees used to satisfy the grantee's staffing requirements. Restricted amounts are required to be used for the production, acquisition, promotion, and distribution of national programming. National programming has been defined as a program placed in the national marketplace of public radio programming. Public broadcasting uses these funds for purposes relating primarily to production and acquisition of programming.

Both the unrestricted and restricted amounts of the CSG's are reported on the accompanying financial statements as deferred revenue until expended or returned to CPB. Certain guidelines must be satisfied in connection with application for and use of the grants to maintain eligibility and compliance requirements. These guidelines pertain to the use of grant funds, record keeping, audits, financial reporting, and licensee status with the Federal Communications Commission.

#### **Notes to Financial Statements**

June 30, 2023 and 2022

The Station also received a \$112,136 CARES Act Fiscal Stabilization Grant during the June 30, 2020 fiscal year. \$9,792 was expended in June 30, 2023. The remaining funds are available for use and are unrestricted in nature. In addition, the Station also received an American Rescue Plan (ARP) Act grant totaling \$192,191 during the June 30, 2021 fiscal year. These funds also remain unexpended at June 30, 2023 and are restricted in the same manner as CSG's.

Grants received and expended during the year ended June 30, 2023 were as follows:

Grant Description	Grant <u>Amount</u>	Expended <b>2021-2022</b>	Expended <b>2022-2023</b>	Ending <u>Balance</u>
CSG Restricted (2021-2023)	29,817	_	22,779	7,038
CSG Unrestricted (2021-2023)	82,232	-	63,806	18,426
CSG Restricted (2022-2024)	29,399	-	-	29,399
CSG Unrestricted (2022-2024)	82,850	-	122	82,728

Grants received and expended during the year ended June 30, 2022 were as follows:

<b>Grant Description</b>	Grant <u>Amount</u>	Expended <u>2020-2021</u>	Expended <u>2021-2022</u>	Ending <u>Balance</u>
CSG Unrestricted (2019-2021)	53,027	41,444	11,583	_
CSG Restricted (2020-2022)	28,573	_	28,441	132
CSG Unrestricted (2020-2022)	77,367	-	53,274	24,093
CSG Restricted (2021-2023)	29,817	-	-	29,817
CSG Unrestricted (2021-2023)	82,232	-	-	82,232

## (5) State Appropriations

During the year ended June 30, 2023 and 2022, the Station received and expended State appropriations of \$154,137 and \$179,309, respectively.

### (6) Prior Period Adjustment and Restatement

During the year, it was determined that revenue from certain expenditure-based grants had been recognized when received rather than when the funds were expended. As a result, a prior period adjustment was recorded for the year ended June 30, 2022 to reduce net assets by \$117,523, the amount that should have been recorded as deferred revenue at June 30, 2021. Additionally, the financial statements for the year ended June 30, 2022 were restated to reduce grant income by \$18,751 and increase deferred revenue by \$136,274.

### (7) Evaluation of Subsequent Events

The Organization has evaluated subsequent events through December 4, 2023, the date which the consolidated financial statements were available to be issued.

## **Independent Auditors' Report**

To the Board of Trustees Southeastern Louisiana University Hammond, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities of KSLU-FM Radio, a public telecommunications entity (the Station) and department of Southeastern Louisiana University (the University), a university contained within the University of Louisiana System (the System), a component unit of the State of Louisiana, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements and have issued our report thereon dated December 4, 2023.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Station's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for their purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Station's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

205 E. Lockwood St. Covington LA 70433 (985) 727-9924 Phone (985) 727-9975 Fax 2915 S. Sherwood Forest Blvd., Suite B Baton Rouge, LA 70816 (225) 292-7434 Phone (225) 293-3651 Fax 4900 Cypress St. #15 West Monroe, LA 71291 (318) 397-2472 Phone Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Station's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Station's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
